Scotseal Installation Tools

SKF recommend that CR Scotseal Classic wheel seals are installed using a CR Scotseal installation tool.

Precisely matched centring plugs are engineered to fit within the inside diameter of the inner bearing cone and allow accurate centring of the CR Scotseal Classic in the bore of the hub, as well as preventing cocking of the seal.

360 SOLUTION: BE SEEN FROM EVERY ANGLE

Warning lights for ultimate safety

Create safer and more productive work zones with innovative LED warning light solutions. J.W. Speaker's Model 529 or 793 "Keep-Out" zone lighting highlights dangerous areas while the Model 560 signal light alerts pedestrians of moving machinery.

Headlights for brilliant illumination

The best LED headlights are hard to miss when brilliant beam patterns, sleek designs and complementary contours fit a vehicle perfectly. The 5-in-1 Model 9900 Low Profile Heated headlight is the perfect solution for a wide range of vehicles.

Work lights for increased productivity

Designed with die-cast aluminum housing and impact resistant polycarbonate lens, these rugged LED work lights provide all-day (and night) durability for even the toughest users and jobs. Brighten your workspace and cut through fog with the Model 526 and the Trail 6 Amber/White.

J.W. SPEAKER®
