<b>PTN No:</b>		<b>PTN 5025</b>		<b>Effective Date from:</b>	<b>03/11/2025</b>		
About							
Notification for run-out of remaining DuraLED lamps listed below.							
Previous DuraLED							
New DuraLED-S							
Reason for Termination							
The legendary DuraLED lamp is transitioning to the new design. The lamp has undergone a complete redesign after 27 years, featuring a new lens, base, and circuit boards. Leveraging HELLA's extensive experience in LED lamp manufacturing, HELLA has optimised our production processes to ensure an up to date, robust and durable design.							
Things to look out for							
The new lamps have transitioned from a black base to a coloured base that matches the lens. They retain the same fit, form, and function, ensuring compatibility with previous models. As existing stock is depleted, legacy part numbers will be reassigned to the updated versions. Remaining inventory is running low as of today, with various runout dates depending on the part.							
For further information, please contact us on (09) 577 0366 or email <a href="mailto:techfeedback@hella.co.nz">techfeedback@hella.co.nz</a>
