# WIPER BLADE

CATALOGUE 2025

BRANCHES NZ-WIDE | 0508 677 704 | [TWLNZ.CO.NZ](http://TWLNZ.CO.NZ)

Proudly Playing a Part  
in NZ Road Transport  
since 1966

**TWL**

- Manufactured to the highest quality to ensure a crisp clean wipe. The low profile low lift design uses a galvanised zinc steel frame and stainless steel rivets for maximum corrosion protection, along with plastic bushes for a smooth operation, less noise and longer service life.
- Available in 15 lengths, from 280mm (11") to 710mm (28"), each blade comes complete with adaptors to suit various arm style designs.
- Uses O.E. metal rail style refills. The refill can be interchanged with Tridon narrow back refills in either metal rail or plastic once the original refill has reached the end of its service life.
- The replacement Tridon wiper blade must be compatible with the vehicle's original wiper blade; the Tridon wiper range has been carefully researched and engineered to suit each specific application.
- Please refer to the Tridon Part Finder for the correct wiper blade for your application.

## TRIDON COMPLETE WIPER

| Part No. | Description                       | Plastic Refill | Metal Refill |
