

LIGHTMASTER HELIUS RECHARGEABLE TORCH

Introducing the Lightmaster Heliuss—a cutting-edge 1000-lumen torch engineered for exceptional brightness and durability. Crafted from rugged aircraft-grade aluminum, this torch is designed to withstand the toughest conditions, making it an ideal companion for outdoor adventures, emergency situations, and tactical applications.

Equipped with a high-efficiency LED, the Lightmaster Heliuss delivers a powerful beam that illuminates distances up to 1200 - 1500 meters, ensuring visibility in the darkest environments. Its zoomable focus allows users to switch seamlessly between a wide floodlight for close-range tasks and a focused spotlight for long-distance viewing.

The torch features a rechargeable lithium battery, providing over 12 hours of continuous operation on a single charge (on low level). With an IP65 waterproof rating, it is resistant to water and dust, ensuring reliable performance in various weather conditions. The ergonomic design includes a textured grip for secure handling, and its compact size makes it easy to carry or store.
