

# Gabriel Shock Absorber

Automann #	A85958
UPC Code	043645925093
Categories	<a href="#">Air Springs &amp; Shocks &gt; Gabriel Shocks &gt; Fleetline(85000/85300)</a> <a href="#">Browse by Make/Model &gt; Freightliner &gt; Cascadia P3 (2008-2018) &gt; Air Springs &amp; Shocks</a> <a href="#">Browse By Brand &gt; Gabriel</a>
Brand	Gabriel
Product Level	OE
Description	<ul style="list-style-type: none"> <li>• Dust Tube: Yes</li> <li>• Recoil Cutoff: Yes</li> </ul>
Ref. #	65148, 10-13809-000, SDA471700003920
Applications	Freightliner, Western Star
Shipping	<b>Parcel friendly</b>
Unit Size	1
Weight	5.9 lbs
Pkg. Dims (in) Pkg. Dims (in)	26.75 X 3.38 X 3.38
Arrival Date	April 2013

## Product Overview

Gabriel's Fleetline Heavy Duty Shocks are direct OE replacements for class 6-8 trucks . Designed with a valve rating that compensates for suspension softening to offer performance that meets the original parts. Fleetline parts incorporate a caged piston design that provide superior dampening across the spectrum of operation. This part is fabricated to be long lasting; durable and keep your cabin stable even in the roughest conditions.

## Specific Features & Benefits

- The self-compensating piston seal offers reliable and consistent shock absorption for a smooth and even ride
- The hydraulic stop prevents the shock from over-extending or topping out; extending the product's life
- Internal piston is made of chrome for improved corrosion resistance
- Multi stage all-coil spring valving provides improved dampening and reduces vibration

- Bulged design increases the fluid capacity and keeps cool in extreme conditions
- Features a 1-5/8" bore to handle harsh operating conditions

## Specifications

**WARNING:**
