ワイパーブレード WIPER BLADE

ADVANCED AERODYNAMIC DESIGN

- SUPERIOR WIPING PERFORMANCE
- HIGH-QUALITY SPRING STEEL
- WITH UNIVERSAL ADAPTER, EASY INSTALLATION

The aerodynamic shape provides complete adhesion of brushes to the glass at speed exceeding 120 km per hour, thus, reducing resistance and noise.

Provides high-quality cleaning of huge and curved glasses, providing excellent visibility at any time of the year, which increases driving safety.

INSTALLING /REMOVING ADAPTER

Note:
Adjust the adapter
according to the
Right/Left-Hand Drive.

REMOVE
